Olusola Ayomide Victor

Software Engineer

Innovative, task-driven professional with 6+ years of experience in web development across diverse areas. Proficient in developing databases, writing clear, concise code that is easy to maintain and troubleshoot.

Experienced in writing and testing codes, troubleshooting simple, complex issues arising from my area of expertise, and implementing new features based on user feedback.

Experienced in working with both small and large teams across multiple projects and companies. Able to work independently from remote locations or in office environments as needed by the company.
